# Ames Multiple Award Construction Contract (MACC) II

Women-Owned Industry Day  
February 5, 2013

National Aeronautics and  
Space Administration

The **MACC II** intended to provide Ames with the following:

- A five-year (5) IDIQ multiple construction award
- Plan to award to up to six (6) qualified small businesses
- Firm Fixed Price contract consisting of a two year base period and three one-year options
- Minimum: \$10,000 and the Maximum: \$30,000,000
- Small Business Set-aside
- The objective of this procurement activity is to award a Multiple Award Construction Contract (MACC) II which will provide general construction services via task orders which will support construction, alteration, and repair of NASA buildings, structures, and other real property at ARC.
